YIELD 18½" square unfinished

STEP 1. PREP APPLIQUE PIECES

Using a light source, transfer all the embroidery lines to your fabric.

Print and cut out applique templates, adding ¼" seam allowance if needed for needle turn applique.

I embroidered all the snowflake lines with a single strand of floss using an outline stitch.

The hat brim and the mitten cuffs were stitched using two strands of floss.

STEP 2. APPLIQUE

NOW I APPLIQUED ALL MY PATTERN PIECES IN PLACE.

Using a light source, transfer the scarf fringe, hat and mitten ties to your background fabric.

Scarf, Hat and mitten ties were stitched using a lazy chain stitch.

I added French Knots to the tips of all snowflakes and hat ties now. This will help anchor the larger pieces to the background fabric.
