

JUNE 2016 DELIVERY

Midnight dreams of tropical forests with misty waterfalls springing from nowhere, are the inspiration for our Wild Orchid fabric. Look closely under the dripping leaves and you may find exotic orchids thriving in the dark.

The lush, large-scale prints are perfect for adding a touch of drama to any quilt or project. Notice how the purple, black and cheddar prints evoke a sense of autumn and recall childhood memories of Halloween. We looked at those colors and were inspired to create our block-of-the-month series, based on that magical, mysterious bird, the Raven. Perhaps you would prefer something feminine and light? Look no further than our quilt, Wild Orchid. Flowers, leaves, vines, and stars swirl throughout the quilt's surface in shades of purples, pinks and cheddars.

If you would rather piece, try our easy Dandelion Patch. Warm, rich and elegant, this quilt is a study in color and movement and uses all the prints in the line. In no time at all, it will be ready for snuggling.
