

# GRADIENTS PARFAIT

*moda*

Gradients Parfait... vibrant color bursts off these fabrics as a field of flowers, a sparkling trip through the cosmos, and a profusion of bubble-like dots. Creative, distinctive, and versatile, these new Gradients can be used for home decor, garments and for quilts. Printed on premium 100% cotton, there are now two widths available - thirty prints on 45" width, and three new 108" prints.
