

fan favorites, with some added fun!

This collection all started with a new printing of Alexia's Tiger Stripes design. This is one of her most popular prints from her ten plus years of designing! She has brought back this print in four colorways just like the original printing but with a little update to coordinate each one with her current palette. The playful tiger cats inspired the rest of the collection's whimsical-meets-classic patchwork aesthetic.

Alexia also brought back two fan favorite supporting prints with this collection, Mini Dot and Sprout. Aren't they the sweetest?
